The Graduate Discount Scheme applies to programmes commencing from September 2008. The University of Stirling offers a 10% discount (fee waiver) in postgraduate tuition fees for all alumni who have graduated with an undergraduate degree (BA, BSc, BAcc) or a postgraduate degree (MSc, MPhil, or MLitt) from the University of Stirling who then register for either a full-time or part-time degree programme at a higher level at the University of Stirling.

The Graduate Discount Scheme applies to both home and international students and only applies to the element of the tuition fee which the student is personally paying.

The Graduate Discount Scheme applies only to the tuition fee element and does not apply to any other programme-related expenses (eg residential costs, materials or membership fees).

The Graduate Discount Scheme applies to each year of study.

The Graduate Discount Scheme does not apply to programmes that are taught in conjunction with other universities.

The Graduate Discount Scheme discount may not be used for distance learning courses.

The Graduate Discount Scheme discount cannot be used in conjunction with other sponsorship, scholarship or bursary schemes such as University of Stirling scholarships, Research Council scholarships, NERC, Overseas Agency, PSAS or Government scholarships, ORS scholarships, or by students supported by their employer for professional development programmes.

The Graduate Discount Scheme discount does not yet apply to professionally accredited courses: ACCA, CIMA, CIM, CIPD or any academic award where payment for a professional body membership is required.

If students withdraw from the postgraduate programme after they have claimed a reduced tuition fee under the Graduate Discount Scheme and you seek to claim a pro-rata refund of tuition fees, you will only be eligible a refund on the portion of the fee which you have paid.

Students must submit their applications for the Graduate Discount Scheme before commencing the first year of their programme. Applications cannot be made retrospectively.
